

Riverstone Purchase Terms and Conditions

Both rivers are Special Areas of Conservation and Sites of Special Scientific Interest so riverstones are subject to certain conditions, some of which form the basis of the consent we have obtained from Natural Resources Wales.

Otherwise....

1. Only stones supplied by the Wye & Usk Foundation can be engraved and placed.
2. Stones can only be placed at the times specified. We will place a stone on the first date after it has returned from the stone mason, unless the purchaser requests a later placement date.*
3. Stones cannot be retrieved once placed.
4. Stones can only be removed and placed by Wye & Usk Foundation staff.
5. Stones will only be placed at Llangurig (Wye) at the end of May.
6. Orders will be confirmed by email with the purchaser within 72 hours of receipt.
7. Orders cannot be cancelled or changed once the stonemason is in receipt of it (usually 24 hours after the order has been placed).
8. Orders can take up to 6 weeks to be completed.
9. You will receive a certificate, photograph and map within 10 days of the stone being placed.

* weather and river conditions could affect placement dates
